### **PROGRAM DESCRIPTION**

Royal Roads University (<https://www.royalroads.ca>) offers a fee-paying dual degree program that allows students currently enrolled in the *Corporate Communication and Public Relations* degree (Italian or English curriculum) to attend an intensive year, from September to August, at the Canadian partner university. Students will leave in their third year obtaining, upon passing the required 60 Canadian credits (equivalent to 120 ECTS), a bachelor's degree in "**Professional Communication**": <https://www.royalroads.ca/iulm-university>

RRU recognizes the 120 credits earned at IULM in the first two years of the degree course. During the year at RRU, unlike semester-long mobilities that allow free choice within the partner's educational offerings, IULM students will follow the specific intensive study plan of the BA in Professional Communication at RRU.

Upon return, students will have to carry out their dissertation in IULM to obtain the Italian degree.

Considering the technical process time for recognition of activities carried out abroad, it cannot be guaranteed that students can graduate in the graduation session of November.

The cost for attending the year at RRU is currently of C\$ 47.726, corresponding to approximately 32.000 euros. The updated fees for the academic year 2024/25 will be announced from June 2025.

**The BA of Professional Communication allows the students to apply for a 3-year work permit in Canada:** [post-graduate work permit](#)
